October 3, 2009	Warwick	Double Header	11:00am
October 4, 2009	Devils Lake	District Finals	11:00am

**** New for this year! The district finals points will count only to break ties that may occur. If there is still a tie after these points are considered, members will be awarded one point for each time they have entered throughout the year and 2 points for each time they volunteer to help at the runs for at least one hour. The consideration of these points is only for breaking ties and not to move anyone up in the placings. There may be an incentive prize given to the member who volunteers the most hours throughout the season.**

<<<<This season we will again give a saddle for the open hi point and the youth hi point. In order to be a part of the saddle series, you must sign up to have your points counted and provide one \$50.00 donation. The donation can come from a business or be a personal donation. These donations will pay for the saddles. If you don't sign up, you will not start counting points toward the saddle until you sign up.>>>>>

I also need some people who are willing to work on getting some donations for district finals awards. I would like some volunteers to work on awards also. It is always nice when different people volunteer for this job to get different ideas. Our past committee's have done a great job. Remember, we can only spend what we make during the summer, and without some donations, the pot can be small.

<<Good luck to all members who qualified to go to the NBHA Youth World Show and NBHA Open World Show. I hope you all take advantage of this opportunity. We have great barrel racers in our district and we should compete at the world show.>>>

Another idea that we have for raising some money is selling ads for our website. It could be a business card from a merchant that you do business with or it could be a classified ad to sell some extra tack you may have. Each business card ad would be \$50.00 and a single classified ad would be \$20.00 for two months. Contact me for further information.

Prayer for drier, warm weather so the arena dry up and we can barrel race.

Happy Barrel Racing,
Alvina Ebensteiner
District 01 Director
